7am-5pm

Friday: 7am-4pm

ELECTRONICS IN THE SHOWER: KOHLER DTV SYSTEM

An innovative addition to any new custom shower is the Kohler DTV (digital thermostatic valve) system. This system will replace having multiple valves in your shower and will make showering as easy as pressing a button. This is a great option for anyone who wants a lot of features in their shower or are just technology inclined.

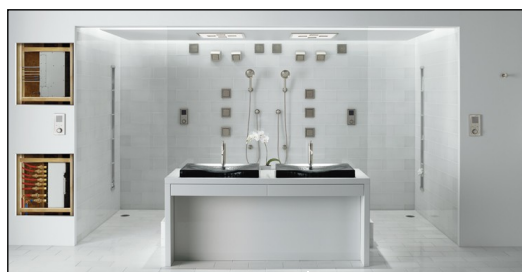

- **Clean Look**—The DTV system can help clean up the look of your shower by eliminating all of the valve handles that would normally need to be used. This allows you to have a luxurious and streamlined shower.

To learn more about adding a Kohler DTV system to your shower, contact **Lori** or

Julie with **Bath and Kitchen Consulting & Design** by calling **(701) 222-2155**.

- **3 Control Panels**—Choose your control panel based on how many features you want to have.

- **6 User Presets**—Save the settings for preferred temperature and functions. One button will turn the shower on to these presets

- **DTV II System**—This option will work with steam, lights, chromotherapy and music for an even more spa-like feel.

ANNIVERSARIES

JAKE O.

(HEATING & AIR)

August 8th—1 year

FEATURE PRODUCT: KOHLER TOUCHLESS TOILET FLUSH KIT

Every wish there was a more sanitary way to flush your toilet? Now with the Kohler Touchless Toilet Flush Kit, you don't need to touch the flush lever. The flush kit is compatible with most toilets and allows you to simply hold your hand over the sensor located in the toilet tank to flush. It is easy to install and uses 4 AA batteries to power the sensor. Kohler also currently offers two toilet styles with the touchless flush system already installed.

Want to go Touchless? Contact **Lori** or **Julie** with **Northern Plains Plumbing** today by calling **(701) 222-2155**.

FEATURE PRODUCT: BRIZO SOTRIA COLLECTION

The new Brizo Sotria faucet collection can add a unique, contemporary look to your bathroom. The sleek, clean & modern lines were inspired by airplanes to create a high end look. Some key features of this collection includes:

- Closed spout with ribbon style stream or open channel spout options.

Have a great start to the 2014-2015 school year!

- Multiple finish options including chrome, nickel, bronze & more.
- Single handle, two handle and wall lav faucets as well as uniquely designed showering & bathing components

For more information on the Brizo Sotria Collection, contact **Lori** or **Julie** with **Northern Plains Plumbing** at **(701) 222-2155**.
