BLANCO & ELKAY KITCHEN SINKS

Hours:

Mon—Thurs:

7am-5pm

Friday:

7am-4pm

Closed

Friday, July 3rd

"PEOPLE OFTEN SAY THAT MOTIVATION DOESN'T LAST, WELL, NEITHER DOES BATHING—THAT'S WHY WE RECOMMEND IT DAILY." — ZIG ZIGLAR

Scan this code for our web-site.

From washing to rinsing, to food prep and cleaning, you spend a lot of time at your sink. These sinks are designed to make your daily routines easier and give you more time to do the things you love.

Elkay stainless steel sink with e-dock accessories and perfect drain.

- **Elkay E-Dock System:** The e-dock accessories from Elkay, use magnets with their stainless steel sinks to attach accessories like hooks and sponge holders to the side of your sink. Some sinks have this feature integrated or you can add it to an existing sink.
- **Elkay Perfect Drain:** Many of Elkay's stainless steel sinks now feature their perfect drain. This eliminates the rim and gap around the drain for a cleaner sink. These drains will still work with InSinkErator garbage disposals too!
- **Blanco Silgranit II:** Silgranit II's patented 80% rock-hard granite material resists hot pans, plus stains from foods like spaghetti sauce, berries and red wine. It's the ultimate tough sink. From heavy pots to sharp knives, nothing gets by Silgranit II with its ultra-durable surface. Even dropping a frying pan from above the sink resists scratches, dents and chips. Color is everywhere. So why not add it to your kitchen with the Performa collection from Silgranit II? Available in a full palette of warm & cool tones that coordinate with a variety of countertops, you can indulge in everything from the richness of Anthracite and the purity of White to the earthiness of Biscotti and sophistication of Cinder. Download the free Silgranit II color app on your iPad, iPhone or Android, to mix or match countertops and sinks.

For more information on these kitchen sink options and more, contact **Lori** or **Julie** with **Bath and Kitchen Consulting & Design** at (701) 222-2155.

Blanco Performa Medium 1-3/4 Bowl in Cinder

DELTA KITCHEN INNOVATIONS

Delta has some great new products in their kitchen line. These products are designed to make your kitchen both more stylish and functional.

- **Delta Touch20 Pull-Down Kitchen Faucets:** These kitchen faucets from Delta are touch activated and turn on/off with just a touch anywhere on the spout or handle. The MagnaTite docking keeps the pull-down spray wand firmly in place with a powerful integrated magnet, so it stays docked when not in use. The faucet also features a 62" long hose for outstanding reach of the sprayer!
- **Delta Touch20 Soap Dispensers:** Delta also has soap dispensers powered with their Touch20 technology, allowing them to be touch activated on and off. They also have a drip-free performance. The 13-ounce bottle is refillable from above the deck.
- **Delta Pot Filler:** Pot fillers are becoming increasingly popular in kitchens. The new wall mount versions from Delta have a dual shut off which allows users to turn the water off at either the wall or the spout, controlling the water flow at the point of use. They also have 24" dual swing joints to allow the pot filler to easily fold away when not in use.

For more information on Delta faucets, soap dispensers and pot fillers, contact **Lori** or **Julie** with **Bath and Kitchen Consulting & Design** at (701) 222-2155.

ADAM'S HVAC SERVICE TIP OF THE MONTH

Humidity takes a significant toll on an air conditioner. While it's tempting to give your air conditioner a rest on cool nights, watch the weather forecast before you decide to open the windows at night. If the next day is going to be hot again, keep the air conditioning on and the home closed through the night to keep the humidity out of the house. During peak cooling hours, solar heat gain can account for one-third of the load on your air conditioner. Close the drapes on the sunny side of your home while you are there, or close all window coverings if you are leaving for the day.

For more information contact Adam at 701-595-7167.

HVAC Specials!

Honeywell Wi-Fi Stat

\$349.00 with Check & Service
(\$399.00 regular price)

Great for tech-minded homeowners to control from your smart phone or for the Snow Birds that want to check their system from another location.

Air Exchangers

There are many options and sizes for air exchangers.

Contact Adam with Heating & Air at (701) 595-7167 to assess your home and help you decide on the best fit for your needs.
