### Sterling Accord Seated Shower

Sterling offers a unique showering option with the Accord Seated Shower. This shower features a full bench, that is actually removable, instead of a small corner seat. The bench can be moved to either side of the shower for comfort & stability. In addition to the shower bench, there is plenty of storage space with the corner shelves.

This shower is available in both 48" x 36" and 60" x 36" sizes and comes in four interlocking pieces for easy installation. You also have the option of ordering factory installed backing for future grab bars.

For more information on Sterling products, contact **Lori** with **Northern Plains Plumbing & Heating** by calling (701) 222-2155.

### Aker KDTS Remodeler Tub/Showers

Aker's KDTS remodeler tub/shower units are a quality choice when remodeling your home. These units come in four pieces that install easily with Aker's PIN system. The larger top corner shelves, wide soap dish and standard handle give the shower a nice clean look. Aker offers these units in multiple sizes to fit your needs.

Some options that can be added to the KDTS tub/shower units are metallic finishes on the shelving & handles as well as factory reinforced walls and grab bars.

If you're interested in an Aker KDTS remodeler tub/shower, contact **Lori** with **Northern Plains Plumbing & Heating** by calling (701) 222-2155.

## Let Us Help Personalize Your Home

In this fast paced society, imagine going to your personal haven, a place where time stands still. We can help you create a bathroom that will accomplish that for you.

Our skilled staff will take your wants, needs and desires, and in return cater to you with products that are unique in their engineering and elegance. Whether you are looking for a custom shower, a “take me away” whirlpool or a handicap accessible tub/shower, we can help you find what fits your style.

Our experienced team at **Bath and Kitchen Consulting & Design, Inc.** will work with you on every stage of the design and installation process. We will develop and build a design based on your goals and incorporate them into a customized space that reflects you, your lifestyle and personality. Our full-service approach will ensure that your custom project is completed to perfection.

If you have questions or want to schedule a consultation, call **Lori** at **(701) 222-2155**.

## FEATURED PRODUCT: MOEN MAGNETIX™ HANDHELD SHOWER HEADS

*“Magnetix™ handheld showers are the first Moen products to include magnetic docking, which allows for easy release and securely snaps back into place—even when your eyes are closed.”*

This is a brand new product from Moen that makes using a hand held as your shower head even easier. The magnetic docking system returns your shower head with a telltale snap that lets you know it's securely in place. Both handheld styles feature six spray functions that change with either a push button or dial control. Eliminating the hand held cradle, stream lines the look of your shower in addition to making the handheld easier to use. The Magnetix handhelds also come with a kink-free hose that extends for those difficult tasks.

Interested in a Moen Magnetix™ showerhead? Call **Lori** at **Bath and Kitchen Consulting & Design** at **(701) 222-2155**.

### ADAM'S HVAC SERVICE TIP OF THE MONTH

Due to EPA's phase out of R22 refrigerant, the lessening supply available has pushed prices up across the country to unprecedented prices and will only continue to go higher. If you are still running on a R22 AC system contact Adam today at (701) 595-7167 to go over your options for a more efficient and lower cost R410 system.

**R22 PHASE OUT**  
ARE YOU PREPARED?
