From our customer...

Thank you for your fine services. Your employee was courteous and thoughtful. We like our remodeled kitchen.

Imagine going to your personal haven, a place where time stands still. We can help you create a bathroom that will accomplish that for you. Exclusive custom design is our specialty. (Note: Check out the Before-After Photos of one of our projects.)

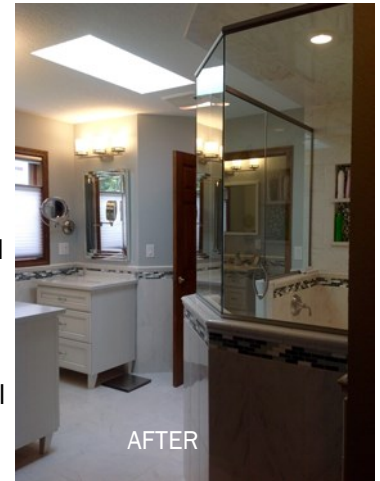

Our skilled staff will take your wants, needs and desires, and in return cater to you with products that are unique in their engineering and elegance. Whether you are looking for a custom shower, a “take me away” whirlpool or a handicap accessible tub/shower, we can help you

find what fits your style.

Our experienced team at Bath and Kitchen Consulting & Design, Inc. will work with you on every stage of the design and installation process. We will develop and build a design based on your goals and incorporate them into a customized space that reflects you, your lifestyle and personality. Our full-service approach will ensure that your custom project is completed to perfection.

If you have questions or want to schedule a consultation, call Lori at (701) 222-2155.

HVAC PREVENTATIVE MAINTENANCE

We are now offering preventative maintenance service plans for HVAC systems. These include discounts on:

- System Checks
- Repairs
- Filter Replacements
- And More!

You can find more information at www.northern-plains.com/preventative-maintenance.aspx

ADAM'S HVAC SERVICE TIP OF THE MONTH

This winter has brought record low temperatures along with large snow amounts and drifting. We have seen a large number of furnace exhaust pipes covered in snow or frozen up. Make sure to inspect these pipes and keep them clear. Another very important reminder is keeping an eye (or nose) out for gas leaks. Make sure you clear snow away from the gas meter. If your home has either natural or propane gas make sure everything is in good working order and free of damage. If gas is smelled call the Fire Department, MDU or service provider, then Northern Plains to inspect. Do not take gas smells lightly and have inspected right away. For more information or questions on these issues please call Adam @ 222-2155 or email adam@northernplains.net.
