Mon—Thurs:

7am-5pm

Friday: 7am-4pm

### INNOVATIVE IDEAS: KOHLER NIGHTLIGHT TOILET SEATS

Kohler's new toilet seats with the Nightlight feature can help anyone who uses the bathroom during the night. Check out the great features available with these seats:

- ◆ The **LED lights** are soft enough to help guide you to the toilet without being harsh on your nighttime vision. You don't need to turn on the overhead lights and stun your sleepy eyes.
- ◆ There are **two lights!** One light shows even when the lid is closed to guide you through the dark bathroom. When you open the lid, there is a task light that illuminates the bowl for better vision in the dark.
- ◆ **Set your cycle!** The nightlight will automatically run for a 7 hour cycle. Just set the cycle the first time you use it, and it will turn on at the same time every night. The seat runs on four AA batteries for 6 months, so there is no need to deal with cords and wires.
- ◆ **The "Extras"** - In addition to the night light, these seats are quiet close to avoid slamming and the Quick Release feature makes cleaning easier and more thorough.

If you are interested in more information on Kohler Nightlight toilet seats contact **Lori or Julie** at **Northern Plains Plumbing** by calling **(701) 222-2155**.

## Service Department

Don't forget to call our service department for your plumbing needs. We service both residential and commercial buildings in the Bismarck/Mandan area with everything from leaks to new water heaters. Just a few of our services include:

- ◆ Water heater service & replacement
- ◆ Faucet repair & replacement
- ◆ Toilet repair & replacement
- ◆ Boilers, hot water heat & radiators

Call **Northern Plains Plumbing & Heating** today at **222-2155**

Scan this code or check out our social media pages for more information.

## DELTA MAGNATITE® DOCKING

If you are concerned about upgrading your kitchen faucet to a pull-down style, take a look at the Delta line. All of their pull down faucet have integrated the MagnaTite® Docking system. This system features a powerful magnet that keeps the spray head in place when it is not in use. The magnet will keep your spray head from drooping down over time. When you are finished using the sprayer, the magnet also will pull the spray head gently back into place.

Want more information on faucets with Delta MagnaTite® Docking? Contact **Lori** or **Julie** at **Northern Plains Plumbing** by calling **(701) 222-2155**.

## FEATURED PRODUCT: BLANCO PRECIS™ MULTI-LEVEL SINK

Looking for a unique kitchen sink? Check out the Blanco Precis™ Multi-Level sink. This sink features a 1-3/4 bowl configuration with a drain board on the side. This sink is made to be undermounted in your solid surface countertop and can add a “WOW” factor to your kitchen. It is available in eight color options which can coordinate with any countertop you choose. The larger left bowl is great for large pots and pans and the built in drainer is perfect for the items that need to be hand washed. This sink is made of 80% crushed granite which makes it heat resistant up to 536°F, scratch resistant and heat resistant. To add to its functionality, the sink comes with (3) sink grids, a stainless steel colander and a sliding walnut cutting board.

Would you like more information on the Blanco Precis™ Multi-Level sink? Give **Lori** or **Julie** with **Northern Plains Plumbing & Heating** a call at **(701) 222-2155**.
